

# Lit up the Fun Time with Basketball Hoop LED strip Light

Want to play more vigilantly? Let's illuminate the [Basketball Hoop with LED Strip Light](#) to make it more attractive and provocative. Now you do not need to go farther. This basketball hoop strip light is designed for home players willing to light up the game. Colorful light also gives your house funky aesthetics. Hence, consider each purpose you want to achieve.

The strip light celebrates your every goal with you by blinking or enormously brightening the light. 144 LEDs with activated sensors lit up the scene with every shot. The strip light assists in illuminating the backboard and rim for the game of hoops.

Eight different light modes for a variety of looks and games make it one in a million. You are just required to insert four AA batteries to gleam the hoop. However, batteries do not come with the light. When it comes to charging, its running time can stretch to 30 days of shots. If you do not want to leave the light on, simply detach the battery case from the shot sensors.

Basketball hoop strip LED light is constructed with high-quality substances in which LEDs are encapsulated in water and heat resistant tubes to protect them from being damaged. It stands firm without cracking and scattering in the scorching sun and pouring rain.

The strip LED light is acceptable for indoor as well as outdoor games that easily zip ties with the rim. If you like to play basketball, it is a perfect addition to the kit and a suitable present for peers who love to play games.
