

# Enjoy Audible and Visual Pleasure with Portable Rose Gold Speaker

A night out with friends always stays incomplete without music, and hands-free destroys the fun by bounding every person. Let's enjoy the part altogether without the stunning [Portable Rose Gold Speaker](#). We are confident that you won't find any visually better speaker than this. Rose gold-tone takes the competition to the next level.

This mini speaker looks small, but the sound can beat many prominent speakers. This party buddy provides you with 3W of output power that strengthens it enough to be loud to clearly reach every attendee's ear. This little speaker is ergonomically designed, making it super easy to carry. It carries the dimension 3.14 x 3.15 x 2.74 inches, which allows it to fit any pocket. This stunning speaker is as lightweight as a feather. It weighs only 5.29 pounds.

High compatibility makes it must have music equipment for everyone. It is featured with h2.0 Bluetooth technology. Therefore, any android iOS, tablet, computer, and the player will connect perfectly. Furthermore, it also works ideally with AUX cord and TF cards.

We know the variety of speakers and the difficulty of finding one that does not look pretentious. But our rose gold minimal-designed speaker is sleek and stylish. The addition of buttons on the sides makes it easy to change the music.

Whether you like loud music and looking for a gift for a friend, check it out. This speaker is unique and thoughtfully designed from the inside out to surpass the competitors. Get this ergonomically designed speaker and enjoy visual and audible pleasure.
