

Cloth Cow Design Steering Wheel Cover

Want to add a decorative touch to your plain old leather steering wheel? [Cloth Cow Design Steering Wheel Cover](#) adds a unique charm to your steering wheel and protects it from scratches and stains. The cow-designed cover fits the wheel like a glove to provide a comfortable grip while driving.

A Decorative Accessory for Your Car

The steering wheel cover decorates your steering wheel. It adds beauty and improves the overall aesthetic feel of your car with its attractive cow design.

Boost Driving Comfort

The cloth cow design steering wheel cover is made from soft plush material that gives you a comfortable hand feeling while driving. A steering wheel without a cover feels slippery, but this cow-design cover offers the grip you need.

On top of that, it slips on easily and has a universal size that fits the steering wheel of almost any car, SUV, truck, or Van.

Protects Your Steering Wheel from Stains

If you are a new car owner, you might want to protect your new shiny steering wheel from stains and scratches. This car accessory is made from an odor-free durable material that hides the existing scratches and protects your new steering wheel from tears and rips.

Conclusion

Besides enhancing the look of your steering wheel, the Cloth Cow Design Steering Wheel cover also protects it from wear and tear. This fun car accessory will turn heads with its adorable cow-inspired design. It would make a great gift for anyone, from new car owners to animal lovers.
