

Go Mess-Free with Mini Car Trash Bin

Have you ever questioned why cars don't come equipped with a disposal can? We wonder the same thing from time to time. While fitting a full-size garbage bin into the front seat leg space is unfeasible (and tacky), a more enticing solution is a little rubbish container that can fit comfortably into a center console in your vehicle.

Please welcome the [Mini Car Trash Bin](#) by Drive Town Pro. Crafted of superior grade, it is sturdy and robust. Still, it is also flexible and tangles accessible, and it can endure a wide range of everyday connection purposes and long-term use.
