

6-in-1 Wireless Charger Stand– Charging Dream Come True

We have so many electronic gadgets in our daily lives that we need to keep them at full charge when going out so that they don't die off when we need them. Most days, you take your daily driver phone, a Bluetooth earpiece, and maybe your laptop and tablet. Do you carry all of their chargers along with you? That won't be easy to carry so many cables and sockets. [6-in-1 Wireless Charger Stand](#) is the charger for all devices, the only extra thing you need to carry.

All You Need

The stand is functional and stylish and can charge more than one device at full designed power. It is a fantastic unique creation that eases the life of most power-hungry users with four charging ports for four devices at once.

Innovation at its Best

You can charge your two phones at one time, one Bluetooth pod, and your watch at the same time. You can charge a wireless charging-capable device on it instead of your phone with extra wireless charging.

Best Product Specs

Whopping 9V input that can dish out 5V output and charge phones up to 10W with a watch at 2W and Earbuds at 5W. You will charge your devices at no time.

Fast Charging Support

Yes! Up to 10W charging provided.

Versatile and Thought-out Design

Big in size, it easily supports six devices at a time, with anything hitting each other and rotating the holder to turn. A long cable means you can place it anywhere on your setup without hassle.
