Do you think pulling is inevitable while brushing? Try our [Magic Detangling Brush](#). This is specially designed for ethnic hair that does not do well with any ordinary brush.

## Features of Magic Detangling Brush

Here are notable features of this magical brush. Let's explore!

### Glide Through Hair Without Pain

Stop pulling and tugging in hair and throw the traditional brush away. Provide relief and comfort to your hair with this detangling brush. You can conveniently glide through the hair with fine bristles while taking away all knots and tangles.

### Get in Order Unruly Hair

The secret of this ultra-flexible is nylon manufacturing. The round shape of each bristle works excellently to detangle and work out kinks without painful tears and tugs. Moreover, adding a layer for the height adjustment lets you customize the firmness of bristles for a personalized solution.

### Perfect Design and Hold

The premium braided design makes it more convenient, durable, and sturdier than normal cables. However, it retains the flexibility to stay effective and withstand unintentional and severe falls daily.

### Massage

Have you heard about massaging and combing? The practical is available in the form of a detangling brush. The expertly crafted bristles not only help to detangle but also provide the necessary massage to your scalps simultaneously. It also boosts blood circulation and relaxes hair combing sessions.

Enrich your hair accessories by adding a detangling brush to the collection. You can select the one you like from your variety of colors.
